

## Two Cars, Truck and Garage Damaged by Storm Friday

A forgotten window made the difference between life and almost certain death for Joe Wolf, route 2, Antioch, last Friday night.

At the height of the storm approximately 12:30 Saturday morning, Wolf and his family were completing their preparations for a vacation that was to begin that day.

"I left the house with the intention of getting some of my fishing tackle from the garage," Wolf related. "When I got outside I noticed the rear window of our Rambler station wagon, parked near the back door, was down and I stopped to roll it up."

"That stop saved my life," Wolf said. "While I was raising the window I heard a sharp crack and turned to see a large poplar tree on the east side of our property had split and was starting to fall."

"I wasn't sure which way to run so I just made a dash for the house." The tree crashed down on top of Wolf's two car garage, completely demolishing it.

The tree, over 6 feet in diameter, Wolf said, also flattened a 1962 Chevrolet Impala and seriously damaged a half-ton pickup truck. Both vehicles were parked inside the garage.

One of the limbs from the giant tree came down on the roof of the Rambler wagon causing serious damage to it also.

The Wolfs have no immediate plans for the future, Mrs. Wolf said. They have cancelled vacation plans and their immediate problem is getting one of their autos back in condition.

# Spafford St. Gets Face Lifting; No News On Shopping Plaza

The Village Board, at their regular meeting Tuesday night gave approval to the full improvement of Spafford Street from Lake to Harden Street. The work will include curbs and gutters, sewer, new base and new black-top surfacing.

A motion to hire the Angelotti Engineering firm to handle the job received the full approval of the board.

The hiring is subject to the approval of the contract by Village Attorney Edward C. Jacobs.

The work is expected to be completed by October 15. "No trees will be touched," Angelotti said, "and we will do nothing about the sidewalks at this time."

The funds for the project will come from State Motor Fuel Tax money. The Village has nearly enough accumulated in M.F.T. funds now to complete the job and by the end of the fiscal year in May the balance will be available.

The job will be let for bids as soon as State approval for the project can be obtained.

Ernest Westlund of 915 David Street, Antioch, spoke out against the Board's consideration to make Henry street a one way street. The matter was brought to the attention of the board at the last meeting by Father Henderson of St. Peter's Church.

Father Henderson contended that due to the two way traffic on the street it was causing congestion and inconvenience for members of his congregation.

"I was here two years ago about a similar problem," Westlund said, "and at that time I believe an ordinance was passed against parking on the west side of Henry street."

"There is no traffic problem there," Westlund added. "It's a matter of parking. The ordinance has never been posted nor enforced," he added.

"I think if the parking ordinance were enforced it would be the solution of the problem," he said. "If the parking situation was straightened out, there would be no traffic problem."

Westlund went on to say that the children from St. Peter's school use Henry street for a playground and if it were made a one way street it would be very difficult to get to his property.

Richard Burnette, also of David street, and Westlund both have garages facing on Henry street. Mr. Burnette also attended the meeting. The matter was referred to a committee of Roger Williams, Einar Petersen and Dave Nissen for further investigation.

In the course of the lengthy discussion, Village Clerk Clarence Shultz made an effort to find the ordinance in question. A reference to the minutes of the September 4, 1962 meeting but no record of any ordinance being passed could be found.

In other business, Roger Williams voiced a request by Charles Cernak to have one parking meter removed from the front of the old Cosgrove building on Lake Street. "It is Cernak's intention to make a driveway there," Williams said. The matter was referred to the street committee.

The street committee and Edgar Simonsen, superintendent of public works, also took over investigating the request of Regal China for the placement of a street light on the East side of their parking lot on North Avenue.

Trustee Dave Nissen in speaking for Regal said, "They have had some near misses caused by the poor lighting there and cars traveling on North Avenue fail to see the pedestrians crossing to the parking lot."

Village engineer Frank Angelotti brought to the attention of the board the high school's hook-up to the sewer system of the new field house facilities located on the high school athletic field.

The board voted approval to the project and agreed to waive the fee.

Approval was given the Antioch Women's Club to use the Scout House August 22, for a hospitality house during the Antioch Shrine Festival. The club plans to serve coffee and refreshments that day.

Ernest Glenn cited a letter from the State Sanitary Water Board concerning the Village and Superintendent of Public Works, Edgar Simonsen for the efficient manner in which the Antioch Sewage system was being operated.

Glenn also reported that the committee was still negotiating with the Antioch Savings and Loan Association on the question of the 40 foot strip of land required by the developer of the shopping plaza planned for Orchard Street.

The question arose at a recent meeting when the village contended that the use of the 40 foot strip was to be confined to parking only. Plaza developers claim they were never notified of any such provision.

VOL. LXXIX. NUMBER 4

## Lake County Fair To Open Next Week

Lake County's 36th Annual Fair and 4-H Club Show opens next Wednesday, July 29 and will continue for five days and nights ending Sunday night, August 2.

The fair will be held on the Lake County Fair Grounds located at the junction of routes 45 and 120, about 10 miles west of Waukegan and 1 mile east of Grayslake.

More than \$18,000 in prizes will be awarded to exhibitors of livestock, crops, vegetables, flowers, domestic and fine arts, poultry, rabbits, and many others.

Lake and North Cook Counties' 1600-4-H Club members will make several hundred exhibits depicting their numerous project activities. In addition to the exhibits by the 4-H members these young people will present an all-day horse show on Wednesday, July 29, starting at 9:00 a.m., and a talent show in the evening on the stage in front of the bleachers.

In addition to the 4-H Club horse show, there will be three other horse and pony shows, plus a thrilling rodeo.

The Appaloosa Horse Show will be held Friday, July 31, starting at 12:00 noon; the Western Horse Show is scheduled to start at 1:00 p.m. Saturday, August 1; and the All Shetland Pony Show will be on Sunday, August 2, starting at 1:00 p.m.

Lake County Fair goers are promised plenty of action when they attend the rodeo held in connection with the Lake County Fair and 4-H Club Show. Performances will be presented on Friday, Saturday, and Sunday nights at 8:00 p.m.; July 31, August 1 and 2, and on Sunday afternoon at 2:30 p.m.

The 1964 rodeo, which is being presented by Dick McKinley, of Farmer City, Ill., promises fair goers a clean and thrilling show.

Besides bucking stock, there will be a quadrille on horseback, trick riding, trick roping, roman riding, jumping horses, horse acts, mule act, and one of the best clowning in the business. Other thrilling acts include saddle bronc riding, bareback riding, bull riding, bull dogging, calf roping and others.

A carnival atmosphere will prevail at the Fair Grounds, with a huge midway with its booths and thrill rides. Admission to the Fair is 75 cents per person with all under 12 being admitted free. Supervised car parking will be available free on the grounds.

## Maxwell St. Days Here Next Week

The Antioch Chamber of Commerce announced plans for their annual "Maxwell Street Days" sidewalk sale this week. The sale has been scheduled for Thursday, Friday and Saturday, July 30, 31 and August 1.

It has for many years been one of the most popular sales promotions the chamber sponsors. Merchandise and displays from the participating stores will be moved out onto the street for the three days giving the town a real "Maxwell Street" atmosphere.

Not all the bargains will be on the street, a member of the Chamber said, as many of the merchants are running sale items inside their stores.

If past years is any indication the sale will prove to be an enjoyable time for shoppers as well as a chance to pick up many bargain items.

Practically every merchant in town will be participating, so don't miss out. At least you'll get a chance to chat with a lot of old friends.

The schedule is: Williams Dept. Store, 919 S. Main St., Antioch, Tuesday, July 28, at 2:00 to 5:00, and 6:00 to 8:00 p.m.

## X-Ray Unit Scheduled For Antioch Next Tuesday

Do you have a minute? That's all the time it takes to have a chest x-ray without charge on the Lake County Tuberculosis Association Mobile Unit, which will be stationed in Antioch Tuesday.

Any person 18 years of age or older is eligible to have a chest x-ray which can discover tuberculosis, heart disease, cancer, and other respiratory infections.

Procedure for a person who wants an x-ray is to go to the unit, register, remove coat and jewelry, empty pockets of blouse or shirt, and step in front of the x-ray machine.

Later the film is developed and interpreted, the report is coded, and the individual report is sent to the person x-rayed within 3 to 4 weeks.

Negative x-ray reports from the Mobile Unit may be presented to the Board of Health for health permits.

The x-rays are paid for through the purchase of Christmas Seals in Lake County and no solicitation is made at the time of x-raying.

The schedule is: Williams Dept. Store, 919 S. Main St., Antioch, Tuesday, July 28, at 2:00 to 5:00, and 6:00 to 8:00 p.m.

## Oriental Band A Feature Of Shrine Parade

Antioch's streets will be a hubbub of activity on August 22—Shrine Day in Antioch.

The Shrine marching units are famous throughout the United States. It's rarely that a town the size of Antioch has the honor of being host to the Shriners. And the committee in charge of arrangements for the day are determined to do Antioch proud.

One of the Shrine units that will be marching in Antioch on August 22 is the Oriental Band from Chicago's Medinah Temple.

The Chicago Oriental Band is the first Shrine Oriental Band organized. Started back in 1889, virtually every one of Shrinedom's 167 temples now has its own version of an Oriental Band. Basically they all follow the same pattern set by Medinah, especially in uniforms and techniques.

Medinah had an Arab patrol before the start of the Oriental Band. It was felt that the usual band music was not quite in keeping with the theme of the Shrine. Now the weird strains of the musette, the clang of the cymbals, the beat of the tom-tom and the unusual rhythm of other exotic instruments which typify the orient are as much a part of the Shrine as the red fez.

Eight Medinah members got together back in 1889 and formed the grandfather of all the Oriental bands which now make up so large a part of Shriners' musical organizations.

Two years after its formation it felt bold enough to make its initial appearance at an Imperial Council session. This was in Kansas City, Mo., with its conveyance a horse-drawn wagon. Medinah's pioneer Oriental Band was an immediate sensation. Other Shrine temples got busy organizing similar units of their own.

Medinah's Oriental Band now numbers about 65. It is made up of business and professional men who get a tremendous kick out of participating in ceremonials, parades and other public appearances.

William H. Schofield, head of a Chicago advertising agency, has been director of Medinah's Oriental Band since 1923.

After years of serving the Antioch community at 401 Lake Street, the A & P will open a new ultra-modern Supermarket in the new Hillside Shopping Center at Orchard and Hillside.

The new store, announced by M. E. Pierce, Vice President and head of The Great Atlantic and Pacific Tea Company's Chicago Unit, will open in early December.

The new Supermarket will serve area shoppers with the latest in food products and store conveniences.

The store, having an area of 15,000 square feet, will feature A & P's Early American theme as will the entire shopping center.

The exterior will be of red brick with white trim. The interior color scheme will be wedgewood blue with accents of white and black. Parking for 274 cars will be available.

The developer and contractor is Haglund Inc. of Waukegan. Sidney Morris of Chicago is the architect. Construction will begin Aug. 15.

SKY, played by Wes Camp, (right) prepares to roll his fellow gamblers for their souls during the crap game scene in Guys and Dolls. Other gamblers in the scene are (center foreground moving clockwise) Bob Thomley as Angie the ex, Ken Smouse as Nicely-Nicely Johnson, Bob Odden as Bonnie Southstreet, Don Boveroth as Harry the Horse and Arnold Schulmeister as Big Jule. The show opens Friday, July 31 and runs two successive weekends.

## County Board Approves Motel

The Lake County Board of Supervisors, last Wednesday, overruled the objections of the Regional Planning Commission and approved a boat marina, motel complex on the Fox River, south of Route 173.

The petition, listing the Chicago Title and Trust Co. as trustee, was granted when the County Zoning Board of Appeals recommended the County Board approval. The board of appeals contended that the area was suited for recreational purposes and a need for such existed.

The Regional Planning Commission, in a bid to have the petition denied said "The land does not have sufficient sight distance for safe entrance and exit and therefore could lead to confusion and congestion."

The staff also argued that extensive commercial development in the area would be in direct conflict with the County Land Use plans. It would also conflict with plans of the Illinois Department of Conservation to expand the Chain O' Lakes State Park on the west side of the river to the Wisconsin state line.

The boat marina and motel will have a restaurant, swimming pool, cocktail lounge and boat launching facilities.

## A & P Plans New Early American Style Building

After years of serving the Antioch community at 401 Lake Street, the A & P will open a new ultra-modern Supermarket in the new Hillside Shopping Center at Orchard and Hillside.

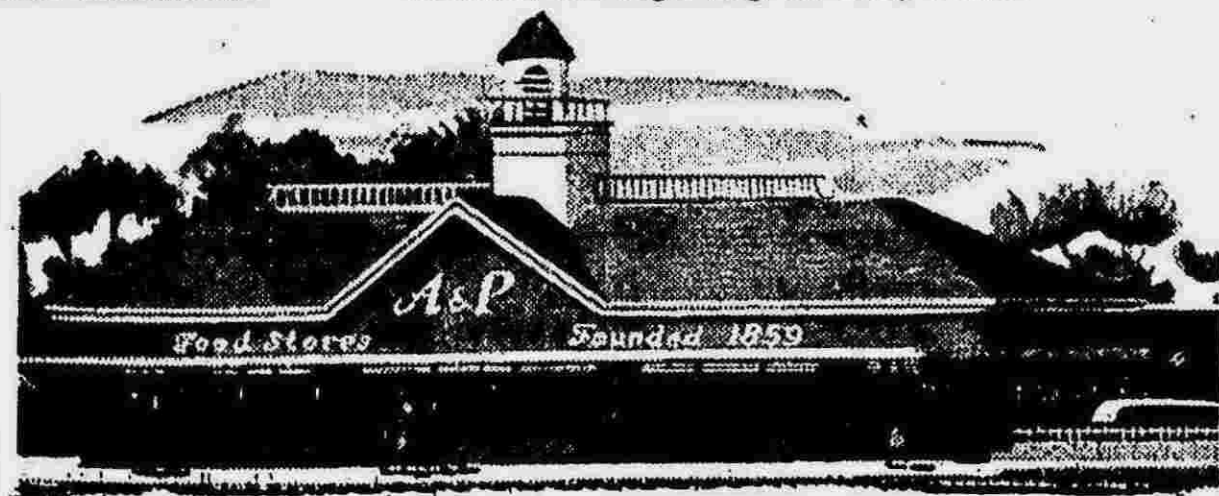

The new store, announced by M. E. Pierce, Vice President and head of The Great Atlantic and Pacific Tea Company's Chicago Unit, will open in early December.

The new Supermarket will serve area shoppers with the latest in food products and store conveniences.

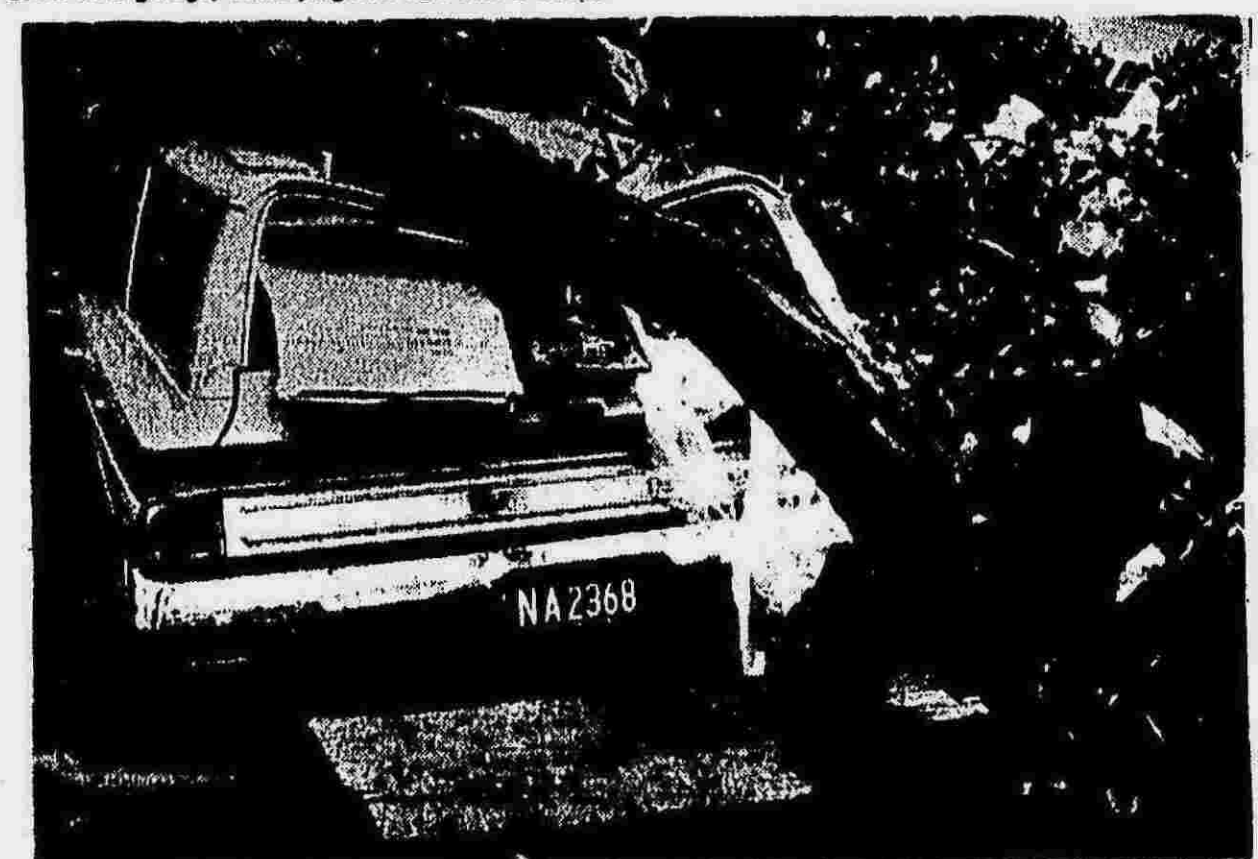

The store, having an area of 15,000 square feet, will feature A & P's Early American theme as will the entire shopping center.

The exterior will be of red brick with white trim. The interior color scheme will be wedgewood blue with accents of white and black. Parking for 274 cars will be available.

The developer and contractor is Haglund Inc. of Waukegan. Sidney Morris of Chicago is the architect. Construction will begin Aug. 15.

YOU DON'T THINK the wind blew Friday night. This once majestic poplar tree twisted and toppled down on a garage, destroying two cars and a truck.

THIS 1964 RAMBLER WAGON, all packed ready for a vacation trip became the victim of one of the worst storms seen in this area. The car is the property of Joe Wolf, Route 2, Antioch.

## EDITORIAL

Senator Paul H. Douglas has announced that a total of \$65,141,902.00 in Federal loans, grants and contracts were awarded during the month of June, 1964, to Illinois communities, institutions and business firms.

Contracts to business firms accounted for \$45,444,367.00 of the more than \$65 million. Loans were made in the amount of \$8,697,681.00. \$10,999,854.00 of the total were grants.

This is nearly 11 million dollars in one month to one state. Multiply this by 12 months and 50 states—hardly accurate, as no two months and no two states would represent identical amounts—and you begin to get an inkling of one reason why taxes are high.

Undoubtedly, there are times and places when Federal funds must be called on for needed improvements. It's certain, though, that there are fewer of these really necessary loans and grants than the amount the Federal government is supplying.

Almost any project worth putting Federal money into should be able eventually to pay back at least a good share of the money advanced to it. If it can't show a profit, or doesn't put the people who use it in a position to pay for it, it would seem hardly worthwhile.

### GUEST EDITORIAL

ANTIOCH... Main Street... Lake Street... Orchard Street... Your Street.

Your Town, comprising Churches, Schools, and Parks which you all can be proud of. They could not subsist without your co-operation and participation, neither can the Incorporated Village of Antioch nor any business within endure without these qualities.

A committee of four, is working on a plan to keep Antioch the shopping center it has always been. "The biggest little city in the U.S." (quote from a national magazine of a few years ago).

As our first objective, the committee has taken on the problem of a civic parking lot on the east side of Main Street. With an entrance on Main Street and an exit on either Park Avenue or Depot Street this would go a long way toward relieving the congestion on Main Street.

As of this writing 99 per cent of the property owners have agreed to donate the necessary area for this project. We have also been assured of the full co-operation of the Village Board, the Banks and all the existing businesses.

This is not enough—We need your co-operation too, we must work as a team to keep Antioch strong.

If any citizen has any constructive criticism to offer, please contact this newspaper.

## Courthouse Notebook

BY LOU DURKIN

Total capitulation is the demand that Sen. Barry Goldwater is making on all Republican voters as he takes over the reins of the Republican Party following his smashing victory in the national convention at San Francisco last week.

Sen. Goldwater, on the basis of the power play by his backers in the drafting of the platform and his acceptance speech, is declaring that you are with me all the way or you are against me and if you are against me there is no room for you in the Republican Party.

Such an uncompromising attitude may be acceptable to many Goldwater fanatics and many of the delegates to the convention, swept up in the hysteria of the nomination, indicates willingness to go down the line with the Arizona solon, but when the party leaders start counting heads as the summer fades into fall it is probable that a more conciliatory attitude will develop.

In this "all or nothing" attitude, at least, Sen. Goldwater and Illinois Governor Nominee Charles Percy are much alike.

In giving the back of his

hand to moderate Republican leaders such as Gov. Romney, Gov. Rockefeller and Sen. Keating, Goldwater is also wiping out any claim to the support of thousands of Republicans who follow their philosophy.

This is the same disregard for political arithmetic that Percy showed in carrying out the demands of Cook County Sheriff Richard Ogilvie and State Treasurer William Scott for a purge of undesirable state legislators.

\*\*\*

In a recent letter to Republican voters who opposed the purge of State Rep. W. J. Murphy, of Antioch, the GOP nominee for Governor attempts to justify the action which resulted in the elimination of Murphy and five other incumbent legislators from the Republican ballot in November.

Mr. Percy cites opposition by the Better Government Assn., certain news media, and the Third Party Committee to the "undesirable" legislators as one of the reasons for their elimination.

The GOP hopeful also asserts that Rep. Murphy and those purged with him could

## Your Congressman Reports...

By Cong. Robert McClary

The Congress will soon give attention to the validity of the Illinois General Assembly (State Legislature). This subject arises because of a recent decision of the U. S. Supreme Court holding invalid the 1954 Amendment to the Illinois Constitution which created 58 Senate districts based in part on area. The U. S. Supreme Court held that both House and Senate districts of our Illinois General Assembly must be based exclusively on population—and that such districts must be established so as to represent approximately the same number of people.

Thus the "Federal" system (whereby the House districts are divided according to population and the Senate districts on the basis of area, with three permanent categories), as adopted overwhelmingly in 1954 by the Illinois voters, is nullified. Many other states of the nation have established their legislatures under a similar constitutional condition. Indeed, it appears that many state legislatures had such provisions in their constitutions when they were admitted to statehood.

Notwithstanding the disruptive effect of this and other similar Supreme Court decisions, the fact is that many states are operating in violation of the 14th Amendment to the Constitution as now interpreted by the U. S. Supreme Court.

Congressman William McCulloch of Ohio contends that the U. S. Supreme Court has gone too far, and that the U. S. Constitution should be amended so as to sanction state legislative bodies having members of one house selected by means other than population only. The sense of Mr.

not attract support on a state-wide basis.

What Mr. Percy fails to mention is that each of the men found unsuitable to represent their districts have been supported by their constituents repeatedly in the past despite opposition by the BGA and the Marshall Field Newspapers and have shown that they can win elections by appealing to the people they are supposed to represent.

As for winning support for the GOP slate as a whole, it is reasonable to assume that a legislator with four of five terms behind him is more likely to have state-wide contacts who will come to his support than would be the case with a political neophyte making his first appearance on a ballot.

\*\*\*

The recent report by County Finance Director Robert Morrison that the county had \$17 million on hand at the end of the recent fiscal year was interesting, but rather poorly timed.

Taxpayers receiving their tax bills this month will no doubt wonder why there wasn't a cut in their tax bills if the county is so loaded.

Unfortunately, too few taxpayers take the time to read all the qualifications in a report of this type so they are unaware that much of the money is in escrow accounts or has been earmarked for specific uses.

\*\*\*

State Auditor Michael Howlett invaded "foreign" territory last week when he turned up at Murphy's Point Comfort Resort at Fox Lake to join a testimonial for Herb Taylor, of Antioch, business manager for the Tile Setter's Union.

Since the gathering was non-political and bi-partisan Howlett was not completely without Democratic comrades-in-arms, however.

Joining a host of Republican leaders at the outing were William Hartnett, Democratic candidate for state representative, and Judge Philip W. Yager, who appeared completely at ease in the bi-partisan setting.

He should feel so at ease at the Republican Judicial Convention next month.

## Letters to the Editor

In the course of planning a reunion for the graduating class of 1934 a representative wrote to Hans Von Holwede in the hope that he would be able to attend.

Because of his many friends in Antioch we have taken the liberty of reprinting his reply.

Dear Marge and Class of '34: In April I attended the fiftieth anniversary of the entry examination of the State Normal Preparatory in my former homeland, now East Germany. Of the thirty-nine successful applicants of a half century ago only nine could attend, as all the others were mostly casualties of the two great wars and a few succumbed to the overwhelming struggle of life during the past two decades. We nine people met in 1914 and spent the years of our youth, fully eight years, in camaraderie on the school grounds, and, sorry to say, also on battlefields. The experiences bound us together and formed a friendship that endured for all our lives.

Also, you meet again after thirty years of that fateful commencement exercise. We were there to wish you a happy life, and I was deeply involved as I had been your guide in music and the enjoyment thereof for four years. I hope that all through the years you were in harmony with yourself and your loved ones around you. I am sure that the tempo of the

McCulloch's proposed Constitutional Amendment is that the states themselves may adopt the precise form

of representative government they choose. On the other hand, the Supreme Court contends that representatives (whether State House or Senate) must "represent" people, i.e., approximately an equal number of people according to the United States census.

Insofar as concerns the 12th Congressional District (Lake, McHenry and Boone counties), the effect of the U. S. Supreme Court decision would be to increase the representation of this area in the Illinois State Senate. The population of these three counties was approximately 400,000 at the time of the 1960 census, whereas the average population for each senatorial district under the Supreme Court ruling would be only 155,000. In other words, Lake, McHenry and Boone counties would be represented by three members of the State Senate instead of only one member as at the present time. In addition, of course, the Chicago suburban area would have increased representation in the State Senate under the Supreme Court ruling. Only the counties in the southern part of the state would suffer.

According to Congressman McCulloch, hearings on his proposed Constitutional Amendment will commence Wednesday, July 22, before the Judiciary Committee of the House of Representatives. At these hearings, the far-reaching effect of the Supreme Court ruling will be explored and an active contest will arise between the proponents of greater independence and autonomy on the part of our 50 states, and (b) those who espouse equal representation with both state representative and state senate districts of approximately equal population.

While it would seem unwise at this time to pass hurried judgment on a subject so basic to our Federal system, it would seem appropriate to ask why the citizens of Illinois may not themselves decide on the exact form of representative government they prefer. A state house and state senate constructed in a manner similar to that of the Federal Congress would seem to be inoffensive to the national welfare and the future of our representative government.

## Along The Way

with ANNIE MAE

Allyh Choo! I hereby extend my sympathy to all those victims of that annual allergy hay fever. One fortunate thing for those poor souls is that as long as the humidity remains as high (dripping) as it has this past week, the sneezes and watery eyes are not as prevalent. The nearest remedy my Doctor came up with for hay fever was a three week vacation, drift-fishing in the pine clad Northland. Good for the nerves too!

THE LATEST REPORT—I sure am glad to see a few remodeling processes going forward in our business district. . . . Humph! Big Chi may have its Old Town, but we may go home one better, with a Town of Tomorrow. . . .

Gen and Earl Gibbs have taken leave of this here town, to take up residence in Arizona. However, they intend to skip over to Hawaii for a visit with son Bill Morgan and family ere they settle down. . . . Our Gail Poil is vacationing this week with family in Michigan, so I can't rib her about the double by-line last week.

NOTES TO YOU: No flowery speeches will I make, but we want you to know that

times kept you alert to adjust your way of living and so brought you peace of mind and satisfaction of your accomplishments. I would not measure the amount of money you earned against the harmony and good feelings you have created with your fellowmen, the latter are noble and everlasting and give us inner contentment, a feeling with which we like to leave our short stay on earth.

It was kind of you to invite me to the reunion on August eighth. I would be most happy to be among you on that date, but 2200 miles are between San Francisco and Antioch. We just returned from our summer vacation which was spent in the Canadian Rockies, and are in dire need of rest and recuperation. Ruthy, of course, takes it like a youngster, she stays ever as you knew her, but I grow old. I would have been retired in Antioch this year had not fate changed my life in 1951 when we left Antioch.

During March, April and May I visited Hawaii, Japan, China, India, Egypt, Greece, Austria and my former homeland. This journey was most interesting. It gave me renewed assurance that we live in the Garden of Eden our beloved USA. Civil disobedience or other dissatisfaction would be cured for good if those people, who are blinded, had to live for a while in the countries which changed to other forms of government. For me, its the good U.S.A.

Hilda, our daughter, teaches in a Junior High school in the City of Santa Clara. She is married and very happy. Ruthy and I send you our sincerest good wishes, regretting though, not to be able to share the joy of meeting you again.

Your former music teacher, Hans

With camping becoming America's No. 1 outdoor family sport, thought you might like to know that the Clarence Larsen family returned this past weekend from a two week venture under the tents. . . . and the Charles Jester family are pitching their canvas at the Palisades for a few days this week. . . . Incidentally did you happen to read that the number two malady at the National Boy Scout Camporee is beetles that crawl into the campers' ears when they forget to stuff them with cotton.

What's No. 1? Home sickness, of course, Mom!

THE LAST DROP: Vacations seem to have the spotlight this week, so we must mention that the Pros Reck-

## The Appraiser's Job

There was a time, not so long ago, when a dealer appraising a customer's car would take a walk around it, glance at the tires, bounce it to test the shocks and "guess" he could allow—so much.

In today's competitive market, a dealer cannot afford an "approximate" idea of what a customer's car might be worth. He must know exactly. If his appraisal is too low, he could lose the new car sale. If it is too high, he could lose money.

A quality dealer, therefore, is as much interested in the good points of a car being traded in as he is in the items that will need reconditioning. If he plans to retail the car on his own lot, and therefore stake his reputation on it, he must know the state of wear of the engine, transmission and other major components.

We are especially anxious to acquire top quality used cars, for these are the class of used cars for which we have a premium market among buyers who rely on our reputation for quality. They are always in short supply. Because of a pre-sold market, we can generally offer you come competitively for your trade-in.

This is not so with a dealer whose main appeal on used cars is low price alone. He finds difficulty convincing his prospects, lured to his lot by his low price appeal, that one particular offering is worth more than other worn-out models that have been dressed up to look good.

John Teresi

**NEWLY PROMOTED** Major Norman B. Patberg, Jr. (left), Company Commander of Lake County's only Marine Corps Reserve unit, receives congratulations from Major Jack M. Frisbie of Waukegan, Commanding Officer of the Chicago-based 2nd Battalion, 24th Marines.

## Lake County Marines Tops

Marine Reservists from Lake County's Company "H", 2nd Battalion, 24th Marines, won new honors this month while undergoing two weeks annual training duty at the Naval Amphibious Base in Little Creek, Virginia. Their already-bulging trophy case now contains a plaque awarded to them by Brigadier General J. C. Miller, Jr., Commanding General, Landing Force Training Unit, Atlantic, which reads in part:

"To the best unit in the organized Marine Corps Reserve Regimental Parade held at the U. S. Naval Amphibious Base, Little Creek, Virginia, 1964."

The Lake County Marines won the laurels in competition with over 2000 Reservists from 13 separate units, including four companies from their parent unit, the Chicago-based 2nd Battalion, 24th Marines, which has the distinction of being the largest single Marine Corps Reserve organization in the United States.

The Battalion Commander, Major Jack M. Frisbie, a resident of Waukegan, had further good news for the Commanding Officer of Company "H" upon his return to the home armory. During cere-

monies conducted on July 12 at Waukegan's new Armed Forces Reserve Center, newly-promoted Major Norman B. Patberg, Jr., received the gold oak leaves of his present rank, as well as congratulations for his Company's performance at summer camp, from Major Frisbie. Major Patberg, a resident of Rolling Meadows, is a full-time American History instructor at Arlington High School in Arlington Heights when he isn't training Marine Reservists.

Plans have already been made and wheels set in motion for next year's annual training duty. Although dates are yet to be determined, the Lake County Marine Reservists are scheduled to participate in maneuvers with the battalion as an integral part of a Marine Infantry Regiment at Camp Pendleton, Calif. Having undergone extensive training in desert operations in 1962, guerrilla and conventional operations in swamps and forests in 1963, and amphibious operations this year, the unit stands to gain much from the contrasting tactical training they will receive next year in the rugged, open, mountainous terrain of Southern California.

## New Industry

"A survey of 722 Illinois manufacturers disclosed that over half the respondents planned an increase in employment while almost two-thirds foresaw a probable plant expansion in the near future, facts that are important to manufacturers looking for a new area in which to locate."

"The need for new business in a state cannot be over-emphasized. Outside of the obvious benefits of new employment opportunities and increased tax revenue, there are other advantages. For example, a program to train men and women on relief in new skills is meaningless unless there are jobs for them."

"New industry can be brought in since Illinois has much to offer a prospective manufacturer. But this can't be accomplished through haphazard measures. It will require a concerted effort by both business and state government. And the time to begin is now."

— The Aurora Star

## THE HUMAN ELEMENT

Experts in agriculture, architecture, music, law, etc., are not flawless, but their opinion and counsel is of tremendous, practical value. But in the sports world there is that "something" that keeps an expert from living up to his name. When the ratings on football and basketball teams come out prior to the season, it seems as if the experts know their business, but before long the list is so drastically changed that it would seem that no sound logic was used in preparing it to begin with. A team, not even considered in any rating, may find itself high in the ratings as did little Davidson. What accounts for this high margin of error?

The element that hinders the experts in sports, I believe, is the human element. Desire, love, hate, enthusiasm, hunger, thirst are some of the things man cannot measure or comprehend. Therefore, couple one of these things to ability then many possibilities may come to pass: such things baffle the experts. — The Perry Journal

A dollar isn't worth a dime unless you spend it and then it's worth about 50 cents.

## NEWS AND THE NEWSPAPERS

We have had occasions when persons have come and asked that something be omitted from the newspaper. We've gone over this whole bit before. But we'd like to repeat our stand. If the item is a source of unnecessary embarrassment and does not affect the public welfare, we'll consider it. Otherwise, no!

We also give anyone who makes such a request an opportunity to give their reasons for not wanting an item published. It helps, we might add, if they cooperate and do not attempt to give us vague reasons.

**Thrifty** "How much are the cigars?" asked a customer at the tobacco shop. "Two for a quarter," the girl behind the counter replied.

"All right," said the man. "I'll take one."

"That'll be 15 cents," said the clerk.

The customer paid for the cigar and left. A man who overheard the transaction came up to the counter.

"Here's a dime," he said. "I'll take the other one."

## Lake County's Top Teens Selected

Top teenagers of Lake County were selected last Friday night at the auditions held in the "Lake County Fair Talented Teen Search." Winners of the auditions will appear in the finals on Thursday, July 30, at the County Fair grounds, according to George F. Koehnke, president of the Talented Teen Foundation which conducts the Search.

This is one of a series of Talented Teen Searches sponsored by the Coca-Cola Bottling Company of Chicago. Awards will be made in eight divisions, singers, dancers, musicians and novelty acts. The best-of-show act will go to the Chicago Free Fair and compete for savings bonds. Judges for the contest will be Yvonne Schrimpf, a dance teacher, Carol Hays, a voice teacher, Martha Rockenbach, an organ and piano teacher, and Eileen Tensdale, a dramatic major, according to Mr. (Doc) L. A. Nordhausen, secretary of the Lake County Fair. Emcee of the contest will be Mr. Russell Forkins, president of the St. Charles Talented Teen Club, an outstanding recreation executive in the middle west.

Teenagers who would like to join the Talented Teens and do shows for hospitals, orphanages and old people's homes should write to Talented Teens, Itasca, Illinois, Attn: George Koehnke, president and director. The foundation, a non-profit organization, sponsors the European Talented Teen Tour each year, this year 72 people will travel to seven countries and do shows for students and American military stationed abroad. The troupe flew from O'Hare airport on a BOAC jet direct to London last Tuesday. On the return trip they will stop at the World's Fair and do a concert at the Tiparillo Band Pavilion on August 13.

## Letter To The Editor

To the Editor: In this letter I express my own views, supported by a few in the area that I know of and I can only hope by some that I don't know.

In our township high school of over 700 students we have no art course whatsoever. In our grade schools we have only the occasional art slanted teacher who may include some in her class room, so a child could conceivably finish school in our town with no art at all. Perhaps more people, knowing this to be so, will be concerned about it, and now is the time for those who care to come forward and make known their views.

No one ever says, "I don't want art in schools," or "we don't need art." But it has become increasingly apparent to us that very few people in or out of education really do want or see the need for art in the schools of this area. Money is the most mentioned factor. The difficulty in securing art teachers is mentioned as another. Space for it, time for it, all of these surface reasons can be rubbed down to show one basic truth finally: that not enough people know the value of and the need for an art course. They view it in varying ways, from seeing it as an "extra" refinement to be included if ever time and money permit, all the way to the attitude of those who look on art with real distrust as though it were some sort of weakness, and people involved with it even a bit suspect. But rarely as though art were a part of every day living and art education an important element.

Meanwhile the new athletic equipment — the wrestling mats and whatever other refinements have been added to our very physical curriculum — continue to receive priority over art. And in fairness to our own community, let's say we are aware that in schools nationwide, art is

quite generally glossed over with just enough varnish to meet the surface requirements. Antioch has apparently been too honest for that. No art at all is better than a poor course in art.

But why couldn't Antioch be one of the progressive communities in the nation in this respect? The "three r's" are only necessary tools to be learned as quickly as possible to use for real learning, and shouldn't our children have quite a share of this real "learning" — in which art can play the part of coordinator — before they finish 8th grade? We lose some of them even before high school is finished, so the earlier and the more

ment to be included if ever time and money permit, all the way to the attitude of those who look on art with real distrust as though it were some sort of weakness, and people involved with it even a bit suspect. But rarely as though art were a part of every day living and art education an important element.

But rarely as though art were a part of every day living and art education an important element.

Meanwhile the new athletic equipment — the wrestling mats and whatever other refinements have been added to our very physical curriculum — continue to receive priority over art. And in fairness to our own community, let's say we are aware that in schools nationwide, art is

quite generally glossed over with just enough varnish to meet the surface requirements. Antioch has apparently been too honest for that. No art at all is better than a poor course in art.

But why couldn't Antioch be one of the progressive communities in the nation in this respect? The "three r's" are only necessary tools to be learned as quickly as possible to use for real learning, and shouldn't our children have quite a share of this real "learning" — in which art can play the part of coordinator — before they finish 8th grade? We lose some of them even before high school is finished, so the earlier and the more

ment to be included if ever time and money permit, all the way to the attitude of those who look on art with real distrust as though it were some sort of weakness, and people involved with it even a bit suspect. But rarely as though art were a part of every day living and art education an important element.

# Topics for Today's Women

Mr. and Mrs. Richard H. Buckholtz

## Wed At Faith Lutheran Church On July 11

Judith Dettmering became the bride of Richard H. Buckholtz in services at the Faith Lutheran Church in Antioch at 4 p.m. Saturday, July 11, 1964. The Rev. M. E. Otterstatter officiated at the service. The bride was given away by her father.

The bride is the daughter of Mr. and Mrs. Alfred Dettmering of Bristol, Wis. The groom is the son of James Buckholtz of Winter, Wis.

The bridal gown had a fitted bodice of Chantilly lace with a Sabrina neck line, trimmed with pearls and sequins and bridesmaid sleeves. The full skirt was trimmed with lace and had a chapel train. Her pearl crown, with pearl drops, held a three-tier illusion veil. She carried a white orchid surrounded by white carnations.

The maid of honor was Joy Dettmering of Mukwonago, Wis. Bridesmaids were Darlene Shirlau and Virginia Holland, cousin of the bride.

The bride's attendants wore street-length dresses with organza bodice, trimmed

with Schieffli embroidery, and skirts of orchid taffeta, with detachable floor length skirts.

Best man was James Buckholtz, Cameron, Wis. Ushers were Bob Shirlau, David Dettmering, Bill Haashe and Tom Haashe.

A reception was held at the American Legion Hall in Antioch. The couple will be at home at Box 450, Sheridan Courts, Zion, Ill.

The bride is a graduate of Antioch High School. The groom graduated from Winter High School at Winter, Wis.

## Rainbow News

The Antioch Assembly, Order of Rainbow for Girls, will meet on Monday, July 27, at 7:30 p.m. at the Masonic Temple. Juanita Gillum, Worthy Advisor, will preside.

Mrs. Donald Gibbs, Mother Advisor, requests that all the girls going to Grand Assembly should be present at the meeting for their final instructions. Susan Lindblad and Roselle Barnstable will give reports on their visit to Philadelphia where they attended the Supreme Session of the International Order of Rainbow for Girls.

The Antioch Assembly enjoyed a day's outing of swimming and picnic lunch at the Timber Lake Park. The Advisory Board of the assembly supervised the girls.

## Oakland Grade School PTA

Mr. Robert Sonnen serving his second year as president of the Oakland Grade School PTA, called all immediate past officers and new officers for a meeting. The retiring officers gave whatever help possible to the new year's agenda. Ideas for programs were also discussed. A proposal will be made to the PTA to hold the Book Fair in the early fall so that the students may get the full benefit of using the books purchased.

The meeting closed with a lively discussion on the purpose of the PTA, how it can be used to accomplish more, and how to get more interested parents to attend and share in discussions.

The happiest wife is not one who marries the best man, but the one who makes the best of the man she marries.

## Miss Alice Carol Stanton Bride Of R. C. Kegley

Miss Alice Carol Stanton, daughter of Mr. and Mrs. Ray Stanton, 470 Naber Ave. Antioch, became the bride of Ronald C. Kegley, son of Mr. and Mrs. Talmadge Kegley of Oradon, Wisconsin, in a double ring ceremony, July 11, at the Community Methodist church, Ingleside, Illinois. The Rev. James Haggerty officiated.

The bride, given in marriage by her father, chose for her wedding a street length gown of slipper satin, with lace bolero top, a jeweled pillbox held an imported bouffant illusion veil. She carried a bouquet of white roses and stephanotis.

Mrs. David Brunner served

as matron of honor. She wore a street length dress of pink chiffon and a small pink hat and veil. She carried a bouquet of white carnations and roses.

Gary Kegley was best man and Larry Stanton and Dennis Kegley served as ushers. Both Mr. and Mrs. Kegley are graduates of Kendall College at Evanston.

A reception was held following the ceremony at Fellowship Hall at Ingleside, with the ladies of the Methodist church assisting as hostesses.

The young couple plan to make their home at Rhineland, Wisconsin, following a wedding trip to the Dakotas.

Mr. and Mrs. Ronald C. Kegley

## Joins Ranks Of Santa Fe R. R. Nurses

Sarah Ann Piercing, daughter of Mr. and Mrs. G. F. Piercing of Route 2, Box 103, Antioch, has joined the ranks of Santa Fe Railway's courier nurse service.

Born in Milwaukee, Wis., Miss Piercing attended St. Mary's Grammar School and graduated from Notre Dame Academy at Miami, Florida. She received her nursing degree from St. Mary's Hospital School of Nursing at West Palm Beach, Florida. Prior to joining Santa Fe she served as a staff nurse at the North Shore Hospital in Miami.

Miss Piercing has been as-

## Announce Engagement

Janet Balsamello

Mr. and Mrs. James Balsamello, Beach Grove Road, Antioch, announce the engagement of their daughter, Janet, to David C. White, Lance Corporal, United States Marine Corps, son of Mrs. Kathleen J. White of Antioch.

Both young people are graduates of Antioch High School. David is presently stationed at 29 Palms, Calif.

They plan to be married next year.

Three new members were initiated into the Antioch Moose Lodge last Sunday morning. They were Clifford Vandomelen sponsored by John C. Olson, Ivor E. Hagg sponsored by his father, Rodney Hagg, and Jan Lafors sponsored by John C. Osburn.

The Antioch Ritual team performed the ceremony after a fine breakfast of ham and eggs was served by Lester Palmer and Gene Wagner. Because of the cool evening, the Moose splash party did not have as large a crowd as expected, but several came to the Moose Lodge following the swim. Refreshments of hot dogs and hamburgers were served.

CLUB TO MEET  
TOPS Cheerful Losers will meet on Tuesday, July 28, at 8:00 p.m. at the Antioch Savings and Loan community room.

## Enters U. of Wis.

MADISON, Wis. — Taking advantage of the summer registration-orientation program for new freshmen during the past week at the University of Wisconsin in Madison was Paula Weiss, daughter of Mr. and Mrs. John F. Weiss, Route 4, Antioch.

## Legion News

### ANTIOCH AMERICAN LEGION AUXILIARY

By Del Jahnke

Mrs. Lucy Himens, President, Mrs. Walter Hills and Mrs. Alex Hoffman are the committee who have planned the dinner menu for the 10th District American Legion Organizational meeting, to be held at the Antioch Legion Home, at 6:30 p.m. on July 27. Mr. George Swenson, 10th District Commander-elect, Antioch Post, has asked the Auxiliary members to prepare and serve this dinner.

Mrs. Himens and Mrs. John L. Horan, Sr., president-elect, are the two delegates who will be attending the annual State Convention of the American Legion Auxiliary, Department of Illinois, to be held at the Morrison Hotel in Chicago on July 30-31, August 1-2.

Past State presidents will be honored at the Past Presidents' Parley dinner, on Thursday evening, July 30, when Past Unit Presidents, together with their current Unit presidents, will gather to highlight the presentation of six nurse's scholarships of \$375 each, to high school graduates who have qualified in the scholarship competition and have been accepted for nurse's training.

The Veteran's Craft Exchange, 30 West Washington Street in Chicago, sponsored by the American Legion Auxiliary, Department of Illinois, the only one of its kind in the nation, will be the recipient of a substantial donation to help defray the cost of its maintenance, which is underwritten entirely by the American Legion Auxiliary, on a non-profit basis. State-wide donations from the Past Presidents' groups and local units make this project possible.

Other convention social events include the honoring of Gold Star members at a lovely luncheon on Friday, July 31. Election of state officers will also be held Friday afternoon. Another feature of the Convention will be the Rehabilitation Service Forum, held in the Terrace Casino of the Morrison Hotel, Friday evening. Hospital volunteers from both the American Legion and Auxiliary, and "Volun-Teens" representing the Junior mem-

## "Where The Boys Are—"

SPANGDAHLEM, Germany—Airman Third Class James P. Burkhardt, son of Mr. and Mrs. Orville Burkhardt of R. R. 2, Lake Villa, Ill., has arrived for duty with a unit of the U.S. Air Force in Europe (USAFE) at Spangdahlem AB, Germany. Airman Burkhardt, an air-

policeman, previously completed technical training at Lackland AFB, Tex. His new unit supports the USAF mission of providing the major air contribution for defense of the NATO countries. The airman is a graduate of Grayslake Community High School.

## Garden Club Meeting Set

Members of the Antioch Garden Club will meet Monday, July 27 at the Antioch Savings & Loan Building starting at 10:30 a.m. Luncheon will be served following the meeting.

Mrs. Harold Angell will serve as hostess for the day, with Mrs. Edwin Olson, Mrs. Howard Wells, Mrs. Clarence Klontz serving as co-hostesses.

The program will be a lesson in flower arranging presented by Mrs. A. Roulet, who is an expert in this field. Preparations are being made for the forthcoming flower show that is to be held August 21, also at the Antioch Savings & Loan building.

## NEW PASTOR AT LINDENHURST CHURCH

The Rev. G. Albert Murphy was recently installed as pastor of the Trinity Evangelical United Brethren Church at Lindenhurst.

The Rev. Murphy took over his duties about July 1, replacing the Rev. Thomas Lowery who moved to Sterling, Ill.

Rev. Murphy and his wife, Helen, have one son at home, who will be a sophomore at Antioch High School next fall. They also have two grown sons and one daughter. The family moved here from Casey, Ill.

There aren't hard and fast rules for getting ahead in the world—just hard ones.

Members of the Auxiliary, will be honored.

The annual Unit dinner, always a gala affair, will be held Saturday evening, and the National President of the American Legion Auxiliary will be guest of honor.

The Department Convention will be concluded with a huge parade, lasting several hours, on Sunday, August 2.

THE ANTIOCH NEWS 4 THURSDAY, JULY 23, 1964

## Bake Sale Planned

The Channel Lake Community Club will have a bake sale Saturday, July 25, starting at 9 a.m. It will be held at the Channel Lake Food Mart on Lake Avenue. Any donations would be appreciated.

Tragedy! He spent his whole allowance On a corsage for his date. Then they quarreled before the dance— Ah, fickle fortune! Oh, cruel fate!

V.F.W. News

The Lake Villa V.F.W. Post and Auxiliary Color Guard members and Kadette drill team will participate in the V.J. Day parade in Woodstock on July 26.

A trip to the V.F.W. National Home at Eden Rapids, Mich., is being planned for a future date. If any V.F.W. member would care to attend, they should contact Robert Whitmore or Chuck Reinhart for more details. This trip is run by the chairman of the Dept. of Illinois, Ray Mann.

The Lake Villa V.F.W. Auxiliary will hold their next regular meeting Aug. 3, at 8 p.m. at the Post home.

**W. S. C. S. of the Methodist Church**

The Women's Society of Christian Service of the Lake Villa Methodist church will meet at 12 noon at the church on McKinley Ave. A dessert luncheon will be served.

The Rebecca Circle of the Lake Villa Methodist church will meet July 29 at 8 p.m. at the home of Mrs. Orlo Bartholomew at 1902 Grandwood Park.

**Attends Wedding**

Mr. and Mrs. Frank Slazes, Jr., attend the wedding of a friend at Skokie Saturday.

**Visitors**

Mr. and Mrs. Fred Bartlett, Sr., were visitors Tuesday at the home of Mr. and Mrs. Joe Davis of Round Lake.

Mary Kay Jarvis enjoyed a vacation from her duties, as nurse at St. Therese hospital. She enjoyed it at her home with her parents, Mr. and Mrs. Henry Jarvis.

Norman and Everett Nelson of North Chicago were visitors Thursday at the Sr. Bartlett residence.

Mr. and Mrs. Bernard Schneider and sons, Barry, Bradley and Bruce, enjoyed a vacation at Loon Lake, Hayward, Wis.

Mrs. Albert Healey and family of East Troy, Wis., were visitors Saturday at the home of Mrs. Arlene Leiting and Mrs. Tena Gerber.

Mrs. William Fish spent Monday visiting at the home of her daughter and family, Mr. and Mrs. Chester Hammen of Waukegan.

Nell Reidel's sister, a teacher from Iowa, is visiting with the Reidel family for a few weeks.

## Beach Grove

By Del Jahnke

Mrs. Alex Hoffman, Grass Lake, entertained approximately 60 women from the Ladies Aid of the Ascension Lutheran Church in Chicago on Wednesday, July 15. Mrs. Hoffman had been a member of this church for many years, before making her home in Antioch.

Mr. and Mrs. Peter Geler, Beach Grove, have heard from both their sons in the Air Force. A-13 Gary and Mrs. Geler are the happy parents of a 10 lb. 14 oz. son born July 18 in Waco, Texas.

Gary is stationed at the Waco Air Force Base. His brother, A/B Danny, has been transferred from the Lackland Air Force Base, to Greenville, Mississippi, where he will be attending Medical Training School for the next six weeks. He will then receive a furlough home.

Mrs. George Erickson had Mrs. Carl Carlson, Mrs. Adolph Lillinger, Mrs. Alex Hoffman, and Mrs. William Malek as her guests at luncheon card party at her home on Wednesday, July 15.

The Ed Jahnke family enjoyed a family reunion party at the Charles K. Ide home in Downers Grove, Ill., on Sunday, July 19. All present initiated the new heated outdoor swimming pool, making the party a "splashing" success. Mrs. Ide and Mrs. Jahnke are sisters.

## Jehovah's Witnesses Attend Convention

The Delegation from the Antioch Congregation attended the recent convention of Jehovah's Witnesses at the Hawthorne Race track in Cicero from July 9-12.

The assembly attracted delegates from at least 20 states and Canada, according to Robert Willett, local presiding minister. An attendance of 15,537 was reached Sunday afternoon.

Middle age is when a guy keeps turning off lights for economical rather than romantic reasons.

There's nothing equal to the self-respect that comes from self-support.

## REPORT OF CONDITION OF

## STATE BANK OF ANTIOCH

of Antioch in the State of Illinois at the close of business on June 30th, 1964. Published in response to Call of The Director of Financial Institutions of the State of Illinois.

My commission expires May 7, 1967.

Elizabeth Wurster,  
Notary Public

## Antioch High School To Celebrate 50th Anniversary

The coming year, 1965, has been officially designated the Golden Anniversary Year for the Antioch Community High School. Although the school existed as an educational unit before 1915, it was in that year that the oldest part of the present building was constructed.

An alumni group representing more than 60 years of graduates are planning a number of activities to celebrate the anniversary.

The alumni committee plans to cooperate with the 1964-65 Sequoia staff to publish an enlarged edition of the school annual. The publication will carry a special section devoted to the history of the school, the graduating classes and their activities. Copies of the edition will be available on advance order for \$4.00 per book. Orders must be in by October 12th.

The homecoming festivities will be expanded to a real "Homecoming." It is hoped that many alumni will join in a true coming home festival.

In addition to the bonfire, scheduled for Friday night, October 9, there will be the annual homecoming parade Saturday morning, the football game against Grant High Saturday afternoon, and the dance Saturday night. A special program Sunday afternoon, October 11 at the High School Auditorium, is also being planned.

This program will be put on with the cooperation of the alumni committee and the Palette, Masque and Lyre, a local drama group. Following the program there will be a reception in the school cafeteria for all alumni.

The committee is trying to reach as many of the alumni as possible but there are many addresses they do not have. They have requested that anyone who has any information about school activities of their classes, old pictures, whereabouts of graduates, etc., to please pass them along.

Co-chairmen of the affair are Fred Stahmer and Edna Verrier Radke.

## Millburn News

By Mrs. Frank Edwards  
Elliot 6-5795

Regular services at Millburn Congregational Church Sunday, July 26, at 10 a.m. Rev. and Mrs. L. H. Messersmith returned home from a three weeks vacation visiting relatives in Nebraska.

Mr. and Mrs. Robert Smith and daughter, Susan, of Libertyville were callers at the home of Mrs. Frank Edwards Thursday evening.

THE ANTIOCH NEWS  
THURSDAY, JULY 27, 1964

## STAIRLADDERS

Portable staircases may someday replace step ladders for reaching those high places around the home. Until they are available, however, the Institute for Safer Living recommends continued use of the family ladder, but with due regard for your safety while above ground. Improper climbing or descending, insecure fastening, and defective ladders produce thousands of serious and fatal injuries around the home each year.

## Methodist Church Has New Bishop

Bishop Thomas M. Pryor of Kalamazoo, Mich., a native of Cairo, Ill., has been assigned to become bishop of the Chicago area of the Methodist Church. The assignment was made Saturday near the close of the North Central Jurisdictional Conference in Cleveland and followed his election as a bishop the day previous.

He was consecrated Sunday, July 12, and immediately succeeded Bishop Charles W. Brashares, who retired at that time.

Bishop Pryor was born in Cairo, Ill., in 1904. He received bachelor's, master's and the Ph. D. degree from the University of Michigan. He took his theological degree at Boston University and studied at the Sorbonne in Paris and at Heidelberg University in Germany.

He has been pastor of Kalamazoo Methodist Church since 1950 and was pastor at Royal Oak, Mich., for 13 years previously.

He has been three times a delegate to the World Methodist Conference, four times a Jurisdictional Conference delegate, and twice a general (national) Conference delegate. He was chairman of the Michigan delegation this year.

He is chairman of the Detroit Conference board of education and board of ministerial training. He is a trustee of Bronson Methodist Hospital and of Adrian College, which awarded him a D. D. degree in 1962.

Bishop and Mrs. Pryor are widely traveled and in 1958 made a world tour of Methodist missions. He has served as a special lecturer at both the University of Michigan and Wayne State University, Detroit.

Bishop and Mrs. (Alice) Pryor were students together at the University of Michigan, where married in 1928, and have four children: Thomas H., David B., Nancy S. (Mrs. Karl Keimholz), and Mary Ann (Mrs. Roderick Daane).

Said the youthful job applicant: "Thanks for hiring me, Mr. Benson. But I want to tell you quite frankly, I'm after your job!"

"Serving the Lakes Region Since 1894"

ADELAIDE, played by Dee D'ise (standing center) holds the attention of (left to right) Joe Hunley, drama director, Ken Smouse, staging director, Julie Howell, script girl, Wes Camp, Steve Chandler and Florence Babusek during a reading rehearsal for 'Guys and Dolls', PM&L's next production.

SARAH, THE 'MISSION DOLL', and Sky, the gambler, compare notes on which life is better during rehearsals for P.M. & L.'s production of 'Guys and Dolls'. The show starring Florence Babusek as Sarah and Wes Camp as Sky opens Friday, July 31 at the P.M. & L. Theatre.

## 'Sarah' Enjoys Her Role In 'Guys And Dolls'

The cast of "Guys and Dolls" which will be on the stage at the PM&L Theater in Antioch for two week-ends at the end of July and the first of August, gathers together most of the best singing and acting talent that Antioch has to offer. A newcomer to the group, Florence Babusek, has proved her ability to sing, but this play is the testing-ground for her ability to act.

"I took part in a few high school plays," Florence said, played a lead, and it's a good many years since I tried anything like this."

Florence was selected Miss Chicago of 1955, and competed in the Miss America contest at Atlantic City that year. She was second runner-up to the winner that year.

It was mere chance that led her to enter the contest. She had been meeting a girl friend at the Patricia Stevens School of Charm. The school was sponsoring the Miss America contest, and Florence was urged to enter the contest. She was uninterested at first, until the contest sponsors mentioned that a trip to Atlantic City for herself and her mother would be part of the prize. Florence entered, and won.

Florence had had vocal

lessons sporadically during grammar school days, and later at short periods. Following the Miss America contest, she did some TV commercial work, and toured the country for All-State Insurance Co., making frequent radio and TV appearances. She also sang for a year with Dan Belloc's orchestra.

She was Florence Gallagher when she entered the Beauty Contest. She's Mrs. Babusek now, and has five children. She and her husband live at Camp Lake.

"I'm not at all interested in a full-time career," Florence said. "I loved every minute of it when I was in the contest, and the radio and TV work I did afterwards. But it takes more than talent to make a success of a career. It takes a drive and willingness to give up everything else that I don't have. I'm perfectly happy as I am, being a wife and mother, singing around the house, and if I can be in a play like this once in a while, that's just perfect."

Florence has a lovely soprano voice, and in rehearsal, at least, seemed to be having no trouble with the role of Sarah, the Salvation Army lass who worries about the souls of the gamblers and

hangers-on of Broadway. Advance ticket sales will be handled by Vivian Maplethorpe at the Antioch Answering Service at 510 Lake Street, Antioch. They can be picked up there or arrangements made by phoning 395-3613.

## DEATH NOTICES

### CLARENCE E. LINDLEY

Mr. Clarence E. Lindley, 44 years old of Lake Avenue in Felter's Subdivision, at Antioch, passed away on Saturday, July 18, at 2 a.m., from injuries received in an automobile accident on Hwy. 83 south of Hwy. 173.

He was born August 13, 1919, at Evanston, Ill., and resided there until moving to Skokie, Ill., in 1947, then moved to Antioch in 1957. He married Melba M. Ayersman on Sept. 14, 1940 and she preceded him in death on Feb. 21, 1961.

Mr. Lindley held membership in "Telephone Pioneers of America" and International Brotherhood of Electrical Workers Local No. 336, in Chicago. He had served in the U. S. Army during World War II. Mr. Lindley has been employed as a cable splicer for Illinois Bell Telephone Co.

Survivors are four sons: William R. Lindley (U. S. Air Forces at Langley Field, Va.); Clarence Edward Lindley III, James A. Lindley and Robert Steven Lindley, all at home; three daughters, Miss Carole A. Lindley, Miss Debra Lindley, and Miss Patricia Lindley, all at home; his mother, Mrs. Mildred A. Lindley, of Antioch, and one sister, Mrs. Shirley Cannon, also of Antioch.

Funeral services were held at 11 a.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Donald Cobb of the Antioch Methodist Church officiated at the services. Interment was in Liberty Cemetery north of Antioch. Friends called at the funeral home after 7 p.m. Sunday.

\*\*\*

### FLORENCE N. LEHMANN

Mrs. Florence N. Lehmann, 80 years old of 209 Lake Shore Drive, Chicago, died Tuesday, July 21 at her summer home, Long Wood Farm, Lake Villa.

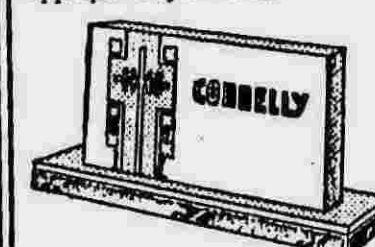

She was born March 8, 1884 in Chicago, Ill. She was the wife of the late Edward J. Lehmann who owned and operated the Fair Store in Chicago until 1925 when he sold his interest. He died in 1954.

Mrs. Lehmann was a member of the Board of Peacock Camp for Crippled Children in Lake Villa.

She leaves one son, Robert O. Lehmann of Lake Forest

## THE ANTIOCH NEWS

THURSDAY, JULY 27, 1966

## Nurses School Plans For Fall Classes

Applications are now being accepted for the fall class at the Cook County School of Nursing, Miss Frances L. A. Powell, director of the school, has announced.

The fully accredited school of nursing offers a three year basic diploma program for men and women wishing to prepare to be licensed as professional nurses.

Deadline for applications is August 21. The fall classes start on September 6.

Applicants must be high school graduates between the ages of 17 and 35.

"People 25 to 35 years of age may not realize that the opportunity for nursing education is still open to them. There is a shortage of nurses today, and a real career opportunity is available. We urge these people to consider applying," Miss Powell stated.

Applications have already been received from more than 25 states, Miss Powell said.

Application forms and information may be secured by telephoning Taylor 8-8400.

## Get Dividends From Land Bank

Farmers in Lake, Boone and McHenry counties are receiving checks totaling \$26,313.65 as dividends on their stock in the Federal Land Bank Association of Woodstock, according to an announcement made today by Thomas L. Frey, manager.

This dividend was declared by the board of directors of the association at its last meeting, payable to its member stockholders of record at the close of business on May 31, 1964.

The payment of this dividend by the association has the effect of reducing the average interest rate paid this year by association members on their loans.

During the first five months of 1964, the association made Land Bank loans totaling \$1,482,000.00. Substantial amounts of long-term credit are being used to meet the requirements of modern agriculture. The association is meeting this demand by the rendering of prompt service, which is available to all farmers who have a sound basis for credit.

## KEEP MOWER SHARP

It's a lawn, lawn time from May to September. The Institute for Safer Living of the American Mutual Liability Insurance Company recommends a mid-summer sharpening for frequently used lawn mowers both power and hand types. Keep lawns free of loose small objects to avoid nicking and dulling blades.

Ability and necessity dwell near each other—Pythagoras, and seven grandchildren.

Services will be held at 2 p.m. today (Thursday) in the chapel at Graceland Cemetery in Chicago. A request was made from the family to please omit flowers.

Memorials may be made to the Peacock Camp for Crippled Children in Lake Villa.

# News of Lakesports

## Reimer Takes Feature at Waukegan Speedway

John Reimer, Caledonia, Wis., showed race fans just why he leads other drivers in points at the New Waukegan Speedway. After taking his heat race John went on to capture the 25 lap feature handily.

Also in the feature Fred Sack lost control of his car, hit the wall and ended up on his head. Although the car was torn up badly, Sack was uninjured in the accident.

The red flag was dropped a total of three times during the feature due to tie ups on the track.

Heat races for modifieds were right to the wire. Claude Potter, with one lap to go, passed up the 1, 2, 3 cars to capture first place in the first heat.

Second heat saw Harold Wade pilot his machine to a 3:04 win. Ed Irving with a half lap to go, shot into the lead for his win at 3:02.

Fourth heat went to John Reimer in 2:52. Semi feature was won by Dennis McKay.

Sportsmen drivers found it very crowded on the track, but continue to improve their performances. Marty Martin won the first heat race by jumping to an early lead and holding it. The second heat was a real crowd pleaser and Harold Gutche took advantage of other drivers' mistakes to capture the flag.

Sportsman's feature winner was Eddie Jones who drove through, around and over the other cars to win going away. Jones drove from the back of the field to carry the flag for the extra lap.

Attendance was good and the weather perfect for this excellent, jam packed racing program.

### SATURDAY NIGHT RAINED OUT

The weather man had Frank (the wrecker) Decker in tears as races for Saturday

night were called due to wet conditions at the track.

Frank was all set for the figure 8 race, but will have to wait till next Saturday night to pull his monkey shines.

Due to the cancellation, we are promised a full field of jalopy cars for the figure 8 race and jalopy events. Late models and Sportsmen are slated to head the program.

## Antioch Hosts Little League Playoff

The Antioch Little League will be the host team for one of the quarter final games of the district 16 playoffs. Friday evening, July 24 an all-star team made up of players from all the teams in the Antioch Little League will square off against the winner of the Grant-Skokie contest, played July 22.

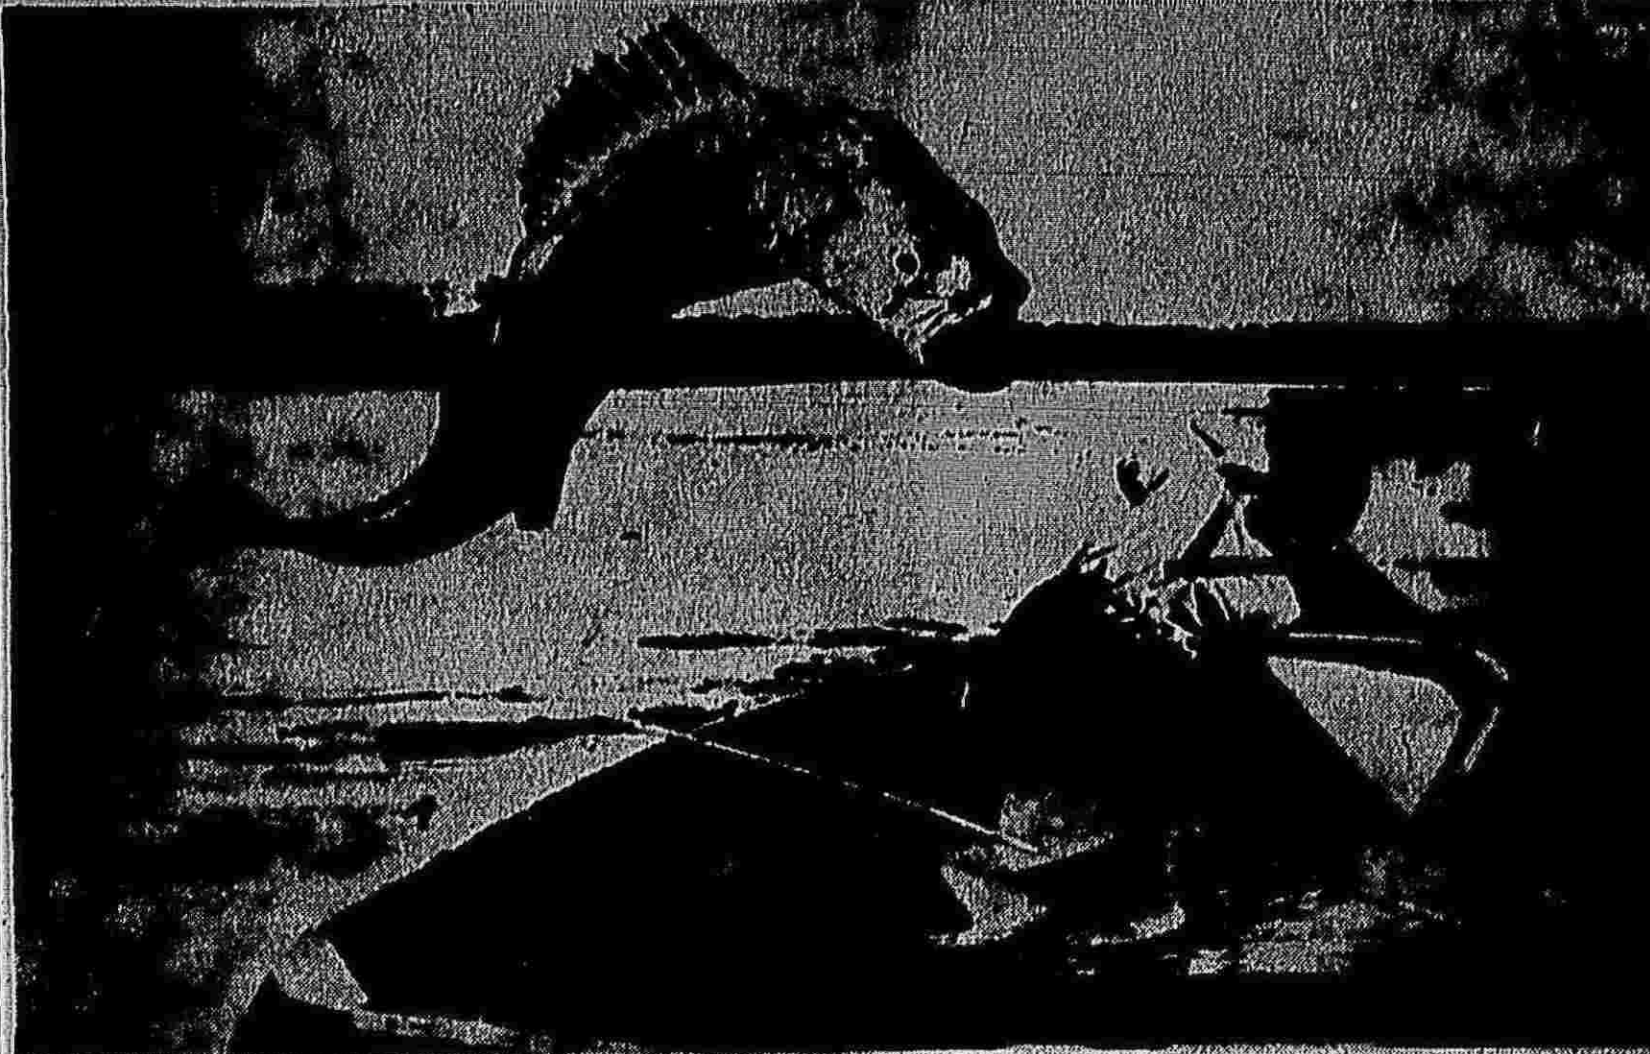

The winner of the Antioch game will advance to the semifinals at Lincolnwood, July 27. The finals are scheduled for July 29 at Great Lakes. Morton Grove was the tournament winner last year.

The goal for these Little League teams from all over the nation, Mexico and Puerto Rico is the Little League World Series in Williamsport, Pennsylvania.

The game between the Yankees and the Sox scheduled for Friday has been cancelled and will be played at a later date.

Uniformed Little Leaguers will be knocking on doors this next week selling tickets to their pancake breakfast, August 1.

"When I was a boy of 14, my father was so ignorant I could hardly stand to have the old man around. But when I got to be 21, I was astonished at how much the old man had learned in seven years."—Mark Twain.

I Knew You Wouldn't Believe Me

WHEN A FISH BITES a man, that's news. Just a slight variation on an old newspaper axiom. We grow 'em big out here in the Lake region. As you can see from this slightly tongue-in-cheek trick photograph. Big fish, maybe even bigger liars. Pardon us, prevaricators.

## The Western Open, Golf Tourney For Spectators

NILES, Ill.—The latest trend in spectator convenience at golf tournaments will be unveiled at the Western Open next month, August 8-9, at Tam O'Shanter.

From every hole on the course, the fans at Tam will be able to get up-to-the-minute reports on the progress of every leading player.

Key to this operation are 20 modern leader boards, the most ever used at a golf tournament. Also involved is an intricate scoring system which requires two separate telephone circuits, several walkie-talkie radios and crew of approximately 120 to keep it all working.

"We believe this will establish a new method of making a tournament more enjoyable for the spectators, and we're proud that our Western Open fans will be first to have it," says Thomas V. King, president of the sponsoring Western Golf Association.

"As golf crowds continue to grow, it becomes increasingly difficult for anyone to follow his favorites on an entire round. More fans are becoming sitters instead of walkers, picking a spot where the action is interesting and waiting for the players to come to them.

"We want to encourage this. Obviously it makes it possible for more people to attend a tournament, and to enjoy themselves.

"Therefore, we've invested some \$10,000 in special equipment to make the Western Open more pleasant and to give the fans their money's worth."

One innovation will be the presence of a scoring standard with each threesome every day of the tournament. The standard bearer will keep an up-to-date scoring summary of each player in his threesome.

The big project, however, will be the operation of 20 leader boards, double the number used in the 1963 Western Open at Beverly CC when the WGA experimented with such equipment.

Each leader board will carry the names of the tournament's 10 leading players as of that moment. Also listed

### LAKE VILLA LITTLE LEAGUE RESULTS

By Mrs. Bernice Bernau

In Lake Villa Township Little League competition, it appears that the Cubs and Giants will battle to the finish for the title. Both teams have 10 and 1 records, and their game on July 29 will be the crucial game of the season. In last week's play, the Giants gained the tie for first place by defeating the Braves 11 to 2, while the Cubs-Dodgers game was postponed. Scores of all the Little League games played last week follow:

Pirates 4, Angels 2; Giants 11, Braves 2; Yanks 13, Sox 12; Dodgers 10, Braves 6.

In Babe Ruth League play, the Indians handed the Mets their first defeat of the season by the score of 1 to 0. Bob Hockmuth pitched and batted the Indians to victory by allowing the Mets only two hits and hitting a homer for the only score, and only hit for the Indians.

Scores of all Babe Ruth games played last week follow:

Indians 1, Mets 0; Cards 5, Tigers 4; Mets 6, Colts 4; Cards 1, Twins 0; Tigers vs. Mets game postponed.

### Schedule of Little League games:

July 23 Dodgers vs. Giants 27—Sox vs. Angels  
28—Yanks vs. Dodgers  
29—Giants vs. Cubs  
30—Braves vs. Pirates  
Babe Ruth Schedule:  
July 23—Tigers vs. Mets  
24—Cards vs. Mets  
25—Colts vs. Indians  
26—Twins vs. Colts.

The boys are selling Dutch Mill assorted chocolates and cashew turtles. If they approach you, treat yourself to some delicious candy while helping the boys raise money for equipment.

Two bus loads of the boys and their managers went to Milwaukee Saturday to see a game, but didn't get to, because the field was too wet.

July 24th at 8:30 p.m.

The competition is handicap and the highest score will go to Waukegan for a round with the pros. "There's a big prize in the offing," Sampayo said, "and all bowlers are welcome."

### Golf

ADDRESSING THE BALL

"In addressing the ball, remember to stand with your weight evenly divided on both feet and with your feet no farther apart than shoulder width.

"Grip the club with the overlapping grip we discussed in the first lesson and let the arms hang straight down from the shoulders so that the club sets itself down on the ground behind the ball. The face of the club should be facing directly to your left.

"Don't make the mistake of rushing into position to address the ball. Approach the ball smoothly and without tension. However, you should have a definite sense of firmness in the hands in keeping a secure hold of the club—especially at this stage of the swing.

"Meet the ball while the club is still descending in the swing. Remember, too, that the club should continue to travel along the ground after the ball leaves the face of the club. This is the proper method of 'taking a divot' to get that 'backspin'."

### 50 Lap Championship Sunday, July 26th

Modified drivers will be charging for 50 laps Sunday night after a loaded winner's purse and a 2 1/2 foot trophy donated by Lyons and Ryan Ford of Antioch and Kenosha.

All reports show that a jam packed field will show up for the event with the top modified drivers in the midwest competing for top honors.

Track owner and promoter, Gordon Sill has reported that Lyons and Ryan Ford will bring a 1964 Mustang convertible and Miss Lyons & Ryan of 1964 to pace the field.

This program promises to offer the best in auto racing and Waukegan Speedway continues its bid to become the finest track in the midwest.

Nothing keeps the family together as much as owning just one car.

## Blood Bank Exhibits At Lake County Fair

Fairgoers at the Lake County Fair, at Grayslake, July 29 - August 2, have a fine opportunity to learn about and join the Jacob Blumberg Memorial Blood Bank at no cost, according to Donald C. Neillins, M. D., Waukegan, President of the Blood Bank's Board of Directors.

"An exhibit at the Fair will explain the work of this non-profit Blood Bank," Dr. Neillins said, and any adult who lives or works in Lake county is invited to stop by and fill in a membership application blank. There is no cost or obligation.

Dr. Neillins added that the Jacob Blumberg Blood Bank is operated by the Lake County Medical Society as a non-profit service. He said that members are asked to donate a pint of blood usually only

THE ANTIOCH NEWS 7 THURSDAY, JULY 23, 1964

once every 3 or 4 years, but that they and their entire families can then receive all the blood they need in an emergency.

Those who are not able to attend the Fair can receive membership application blanks and information by stopping in or writing to the Jacob Blumberg Memorial Blood Bank, 1350 N. Sheridan Rd., Waukegan, or by telephoning Ontario 2-1899.

### It Couldn't Happen Here

"Doctor, what is wrong with me?"

"Madame, you are too fat, you use too much rouge, you get your hair bleached, you smoke too much, and one other thing—you are in the wrong office. The doctor is next door—I am nothing but a newspaper man."

# SPEAKING TO YOU

By John Burlend

Director of Social Studies,  
Rockford East High School

By the time you are reading this, I should be somewhere on the Atlantic on a freighter bound for the Mediterranean. For the next two months I will follow the

political wars from afar and the sounds from the Cow Palace and Convention Hall will sound but faintly on my ears. Far from the wars of politics and economics and

civil rights, I will be putting around in the ports and harbors of an ancient world. Despite the fact that a good many thousands of people have taken the freighter routes in the last few years, there is still a good deal of misunderstanding of what it is like. Apparently, the general impression is that it is some kind of a deal where you work your passage and jump ship when you get to port.

Actually, freighter travel is the most restful travel that you will find. A freighter provides cabin space for a maximum of twelve; if it carries more than that number it is not a freighter. Its main concern is freight; the passengers are simply another kind of commodity. There is no regular schedule; places you hoped to visit are dropped off the schedule; others you didn't expect are added. Yet the line has a pretty well established itinerary so that in general you will know the ports you will visit.

There is no planned entertainment, no hostess to organize little games, no swim pool, no orchestra. Instead, there is the sun or moon; there is the wind and the sea. There is time for reading or thinking, or conversation. There is time to just watch the horizon or the changing beauty of the sea.

This is no type of journey for the young and the romantic. There are no eligible young bachelors or the daughters of millionaires traveling incognito. For the ones who want movies, or dancing, or parties, this is not your dish of tea. This is for people who want inexpensive travel, good food, and lots of relaxation.

On this particular trip we will touch three continents. It will take us eight days to Lisbon; then we will touch four cities of Spain, two well off the tourist track, the other two the modern cities of Valencia and Barcelona.

Within the next month we will visit Italy, Tunisia, Lebanon, Syria, Egypt, and double back through Spain once more and thence to Casablanca. It is possible that we will put in to Cyprus, or Turkey, or some other port where there is cargo waiting. There is the handicap that you are chiefly in port cities, but, as my friend Bill says, "History was made in port cities."

The nice thing about the freighter is that it serves as your hotel. There is no packing and unpacking; you eat your meals on board ship unless you elect to eat lunch or dinner in town. Of course,

Dr. SIMS says...  
SAFEGUARD YOUR HEALTH

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

## SUMMER HAZARDS

Your ability to distinguish sunstroke from heat exhaustion may mean the difference between life and death.

Both summer hazards result when the body absorbs more heat than it is able to get rid of, but while heat exhaustion is seldom fatal, sunstroke can kill.

Sunstroke—caused by overexposure to hot sun—not only requires immediate first aid measures to cool the victim, but also calls for emergency medical treatment.

Heat exhaustion—which can result from overexertion in oppressive heat, even on a cloudy day—is usually rapidly overcome with no after effects by simple replacement of the victim's water and salt loss.

If you're a witness to sunstroke, you'd better recognize it, know what to do and act quickly even before the doctor arrives.

A sunstroke victim will probably lose consciousness. His breathing will be labored. His skin will be flushed, dry and very hot and he'll have a high temperature.

If the patient's temperature is extremely high (above 105 degrees) for a long period of time, he may suffer damage to his brain, liver or kidneys.

It is vital that a physician be called immediately, but in the meantime it is important to reduce the victim's body temperature as fast as possible. Put the patient in a tub of cold water or wrap him in cold, wet sheets.

When the body temperature has been lowered to around 100 degrees, put the patient to bed and keep him wrapped in the wet sheets. If he is able to swallow, give him a salt tablet and lots of liquids. However, don't give him an alcoholic beverage!

Though less serious than sunstroke, heat exhaustion is an agonizingly distressing condition. Prolonged heat and humidity—often in combination with overexertion—cause the victim to perspire profusely.

The temperature of a heat exhaustion victim probably won't get above 101 degrees and his skin will be cold and clammy. There may be vomiting, his breathing will be shallow and he may suffer muscle cramps.

Fortunately, these symptoms can be relieved quickly when proper first aid measures are given. Here's what to do:

Remove the heat exhaustion victim to a cool and comfortable spot, loosen his clothes and apply cool, moist cloths to his forehead. If the patient is able to swallow, give him a salt tablet and hot

tea or coffee... that's right, HOT!

Although most heat exhaustion victims respond rapidly to such help, call a physician if the patient is slow in responding or if he has a heart condition.

To guard against hot weather hazards, don't overexpose yourself to the sun, don't go bare-headed in the sun and don't overexert yourself.

## The Day of The Gray Mice

If there is one thing above all else that is essential in an orderly society, in fact to freedom itself, that one thing is a judicial system backed by a legal profession that commands respect. But there is mounting evidence provided by spokesmen for bar associations and legal experts that there are serious weaknesses developing in the American judiciary—weaknesses that produce such appalling exhibitions of ineptitude and callous indifference to justice as the Ruby trial. The cynical and crass behavior of many lawyers and judges is undermining public respect for courts and the legal profession. In fact, according to recent polls, the legal profession—at least a substantial part of it—is viewed with a dubious eye by the public.

Herbert Brownell, former Attorney General and president of the Association of the Bar of the City of New York, writing in The Saturday Evening Post of April 18, 1964, describes what he terms the "gray mice" of the judicial establishment. These are mediocre judges who come into office with the

help of political pressures of one kind or another. In Mr. Brownell's words, "They are exemplary in their loyalty to their political party. They look on judicial appointment as the reward for their loyalty and devotion to the party, and they look forward to judicial service as socially and financially rewarding. To them the courthouse is a cozy rest home. In other words, they are ordinary, likeable people of small talent. They are not venal, not corrupt, but they can do a great deal to debase and cheapen the entire administration of American justice."

These are strong words. They are obviously spoken in an effort to awaken or shock readers of the legal profession and appropriate legislative authorities into action. In Mr. Brownell's opinion any plan to improve the selection of state and municipal judges should include three essential features. 1. All new judges would be appointed. 2. By law, the appointing power (governor or mayor) would have to make his appointments from a list of three, five or seven names men certified as qualified by an official judicial nominating commission. 3. The judicial nominating commission would be established by statute or by constitution. It would consist of from seven to fifteen members selected on a nonpartisan basis from among community leaders. Concludes Mr. Brownell, "It is time for concerned Americans to consider the plan and to work to have it adopted. For justice is only as good as the judges, and the day of the gray mice is upon us."

Knee Deep in June  
June is a riot of color. Fields turn green. Brides dress in shimmering white. Graduates sport tassels of gold. And the government ends another fiscal year in the red.

## Oak Ridge Plant Moved To Lake Co.

Abbott Laboratories will move all of its radio-pharmaceutical production operations from Oak Ridge, Tenn., to Lake County, Ill., it was announced by Frederick J. Kirchmeyer, Vice-President, Allied Operations.

Construction of a new radio-pharmaceutical production plant will begin in early fall at Abbott Park, a 420-acre tract a few miles southwest of the company's current headquarters in North Chicago. The new plant, to be one of several buildings on the tract, is expected to be in operation by September, 1965.

All of the company's approximately 50 employees at Oak Ridge have been offered positions at the new Illinois facility, and most of them have indicated they will make the transfer, Mr. Kirchmeyer said. However, he anticipated that additions to the highly trained work force would become necessary with the rapid growth of the radio-pharmaceutical business.

Mr. Kirchmeyer explained that proximity of the new site to superior transportation facilities is the reason for the move.

"We expect that within two years our needs will exceed the capacity of the scheduled flights from the Knoxville

airport from which our current shipments are made. At the new site, we will have easy access over the Illinois Tollroad to O'Hare International Airport with its many flights in every direction."

THE ANTIOCH NEWS  
THURSDAY, JULY 23, 1964

airport from which our current shipments are made. At the new site, we will have easy access over the Illinois Tollroad to O'Hare International Airport with its many flights in every direction."

(Air shipment is vital because radio-pharmaceuticals are constantly decaying and, hence, cannot be stockpiled at the hospital or at the Abbott production center.)

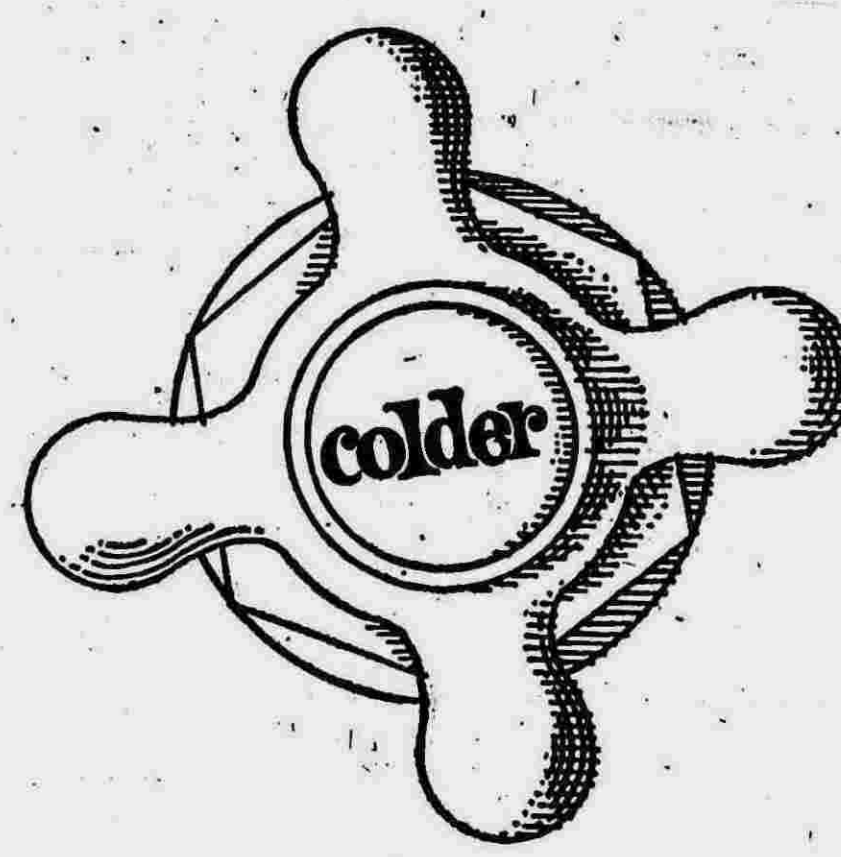

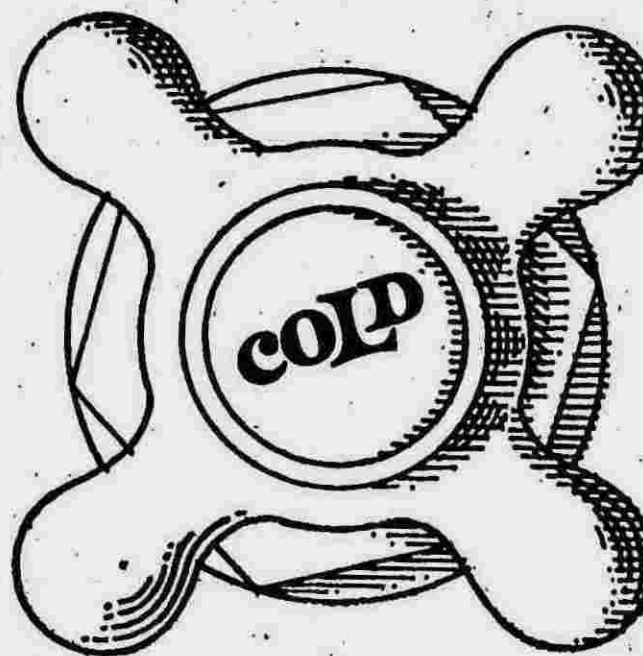

The new Illinois plant, to occupy about 44,000 square feet, will contain six "hot cells" for production of the raw isotopes, a semi-sterile preparation area, sterile filling area, a low-level production area, pre-packaging area, quality control area, development area, offices, warehouse and shipping and receiving dock.

When it seems there are just two kinds of water in your home...

## change to a "family-size" gas water heater

Approximately 85% of the water used in the home today is hot water. It takes a modern "family-size" gas water heater to give you all the hot water you want, whenever you want it. And only a gas heater can do it so economically!

If your water heater is out of date or undersize, replace it with a quality brand gas water heater geared for your family's needs. Choose from conventional upright, wall-vented, or counter-top models. Long term protection plans assure you years of de-

pendable, care-free performance. A Northern Illinois Gas sales representative will be glad to help you select a water heater for your needs—just phone our nearest office.

Special trade-in allowance when you buy a new "family-size" gas water heater now. Visit our nearest showroom or check your plumber-dealer for his attractive offer.

One in a series to help you enjoy better telephone service

## How to "get your money back" if you reach a wrong number

Here's what to do: Dial the Operator... Dial "O" for the Operator and tell her the town you reached by mistake. She'll see you are not billed for the call—and help you get the right number, too. There's no need to tell her about wrong numbers within your free-calling area; they carry no extra charge anyway. (The front pages of your telephone directory list the places within your free-calling area.)

Coin Phone Calling... If you called from a coin phone, either local or Long Distance, the Operator will connect you to the number you want or see that a cash refund is mailed to you.

Write for free folder... We hope you'll find this information useful. If you would like a folder with a copy of this and other helpful tips on telephoning, just fill in the coupon below. If you have any comments or suggestions for future subjects in this series, please send them along, too.

## Lindenhurst News

By Mrs. Bernice Bernau  
EL 6-5449

### Vacation Trips

Ray and Dorothy Verdick drove to Kansas City, Mo., for their vacation. During their ten day stay, they visited with Dorothy's two sisters, and nieces and nephews. This was her first trip back home in 15 years.

Pastor Harold Nelson of St. Mary Lutheran Church, his wife Helen, and their daughter, Sonja, attended a family reunion on the Pastor's mother's side of the family in Brookings, S. Dak., last week.

About 84 relatives attended, including sons, daughters, nieces, nephews and grandchildren.

On their way home, they stopped at Badger, Iowa, for the night to visit with Mrs. Nelson's mother, who is recuperating from surgery.

### St. Mark's Picnic Well Attended

About 140 people from this area, attended St. Mark Lutheran Church's third annual picnic at Lutherdale Bible Camp last Sunday. The camp is owned by the Lutheran Congregation of this area, and has year around camp facilities. The picnicers attended worship services at 11 a.m. there, in the Chapel, and then ate, went boating, swimming, played tennis or ball or water skiing.

Eight or ten 7th, 8th and 9th graders are registered to go to Junior Camp next week, from Sunday through Friday. They will be part of a group of 175 campers. Pastor Nelson will be there for a few days during the week.

### Christening

Donald Wayne Tuttle, the two month old adopted son of Mr. and Mrs. Donald Tuttle of 66-Beek Road was christened Sunday at the Trinity United Brethren Church by Pastor Albert Murphy. About 45 friends and relatives attended the buffet dinner in their home after the church services.

Mrs. Tuttle's parents, Mr. and Mrs. Kenneth Johnson of Richmond, Ohio, and her aunt and uncle, Mr. and Mrs. Jack Williams of Marilyn, Detroit, were here for four days to attend the christening.

### Anniversary

The Bud Flints celebrated their 12th wedding anniversary at the Zion Benton Moose Lodge Saturday, with the Floyd Stanleys. July 26 is the actual date of their anniversary. They have three children, Janice, Jeff and Kelly.

Dee's mother, Mrs. Mabel Buch of Des Plaines spent the week with them.

### Fishing Trip

Paul and Maud Blomquist and their two sons, Steve and Dennis, spent a week at Big Stone City, South Dakota, fishing, swimming and sight-seeing. Maud caught a big 8-pound walleye, that Paul couldn't top.

### Birthdays

Birthday greetings to Milton Lazansky, Patty Schartz, Anne, Laura Ann and Steven Hartokolis, Barbara Lofton, Dawn Finely, Michael Stebbins, Barbara Ann Boreen, Danny Parpan, Mike Wismer, Linda Schwanke and Dee Flint.

### Anniversaries

Congratulations to the Hank Pendletons on their sixth wedding anniversary, July 6th, the Fred LaChances, 15 years on the 23rd.

### Newcomers

We would like to welcome several new families to the village this week.

Clark and Joyce Magnus moved into their new home at 65 Hickory Drive, from Niles. They have been married nine years and have a 15 month old daughter, named Jacqueline. Clark is the insurance agent for this area, with the Western & Southern Life Insurance Co. in Waukegan. His hobby is golfing, and plays on the Hickory Knolls Golf Course. Joyce's mother, Mrs. Mickey Shillinger of Venetian Village, works in Linden Cleaners. Ron Schilling of Fairfield is her brother.

Mrs. Christine Boncles and her daughter, Rose, bought the Pearsons home at 1914 Elmwood Drive. They moved here in May, from Cicero. Her husband passed away early in March, this year. Mrs. Boncles is the mother of Mrs. Carmie Maglio and Mrs. Kitty Levas, also of Lindenhurst. She also has two other daughters in Chicago.

Arthur and Lois Roesch are from the Irving Park and Cicero area in Chicago. They moved into their new home at 303 E. Ironwood Drive the 28th of March. They have a son, Arthur 10, and a daughter, Barbara Ann 5. Mr. Roesch is a district manager for the Dayco Corp. in Broadview, Ill.

They recently returned from a week's vacation in Westboro, Wis., where they visited with Art's sister and brother-in-law. The children stayed a few extra days, and

came home with their grandparents last Sunday.

### Moved

Mrs. Jenny Szydowski has sold her home at 69 N. Brook Lane Drive and will be staying with her daughters, Mrs. Irene Treve in Roselle, Mrs. Bernice Malmstrom in McHenry and Mrs. Helen Mindak in Lindenhurst, until she finds an apartment. She belonged to the Grandmothers' Club and will be missed by her friends here.

Her grand-daughter, Miss Carlene Treve, 24, has a fractured elbow and leg, after she fell from a trapeze into a net, onto a concrete pavement, while she was performing with a circus in the Green Bay Shopping Plaza Center last week.

Mr. and Mrs. Ed Krause of Dakota City, Neb., flew to Chicago, again, this week, for Mrs. Krause to receive an

other Krieblozen treatment. They spent Saturday with their cousins, Mrs. Ella Schrotland and the Bernaus in Lindenhurst, and Sunday with their cousins, the Mike Pechous in Hainesville. They left Sunday evening.

### Prince of Peace Church

The Catholic Youth Organization of Prince of Peace parish will sponsor a car wash Saturday, July 25, from 9 a.m. until 5 p.m. on the school grounds.

The Liturgy training program to be held in the fall will teach a group from each parish to be commentators, readers, and leaders of hymns for the dialogue (participated) Mass.

In order to accommodate more cars in the parking lot, parishioners are requested to follow directions. Drive in to a parking space and back out when leaving. Following these directions will help traffic to flow freely.

## Fox Lake Baptist Church To Be Dedicated Sunday

The edifice of the Fox Lake Baptist Church will be dedicated in a service on Sunday afternoon, July 26, at 3:00 o'clock.

The building was erected in 1961 as a multi-purpose building. Since that time interior work has continued as funds were available. Recently new cushioned pews, a pulpit, communion table, carpeting and a Hammond organ were installed. The sanctuary seats 200 people.

Other facilities include a prayer room, pastor's study, nursery, kitchen and lower auditorium for Sunday School, youth clubs, and diners.

The building fund for church construction was started in 1959. At the present time the mortgage is about \$22,000, and the value of building and property is about four times that amount.

The Rev. Lloyd Dahlquist, general secretary of the Baptist General Conference, will be the main speaker. He had his theological training at Bethel Theological Seminary, and college work at Macalester College, both in St. Paul, Minn. He served as pastor in Clinton Falls and Little Falls, Minn., Montclair, New Jersey, and Waukegan, Ill. Following three and one-half

## THE ANTIOCH NEWS 10 THURSDAY, JULY 23, 1964

years in the United States Air Force, he became pastor of the Northwest Baptist Church in Chicago.

Since September, 1959, the Rev. Lloyd Dahlquist has served as the general secretary of the Baptist General Conference. Through the board of trustees he seeks to coordinate the work of the seven boards of the Baptist General Conference. He is in great demand as a speaker in churches and conferences across the United States.

The Rev. Robert Norstrom, associate secretary of the Home Mission Board of the Baptist General Conference will bring greetings from his department. The Midwest Baptist Conference will be represented by Rev. Dan Ankoberg.

Following the 3:00 p.m. service, refreshments will be served in the lower auditorium. Everyone is welcome.

## Open Season

"Yes, open season has arrived—for the peddlers. We refer to those out of town salesmen, who are making their rounds these days, trying to sell all kinds of services by one means or another—often foul means included. They make attractive offers for many such services—offers so good that any person who stops to think about them, will know there is something wrong.

"We would like to call attention to a few who especially are busy right now:

"Peddlers for painting, guttering work, roofing work and such. Do not sign with any such salesman unless you know he is from a reputable company. Know what you are getting for your money—don't sign a contract to pay a double price for work to be done. Don't pay in advance and don't pay until you are satisfied with the work that has been done. The easy way here is to contact a local contractor that you know to do your jobs, and then you won't have to worry about all those other details.

"Termite examination and treatment 'experts' are really

busy these days. Some even have been known to carry their own termite to show you after 'inspecting' your house. Many local business firms have connections with reliable termite firms, and will be glad to take care of your needs.

"Yes, there are salesmen for almost everything knocking on the doors these days: For nursery stock, for books, for awnings, for storm doors and windows, you name it, and there will soon be a salesman along to try to sell it. Before you 'bite' on any of their propositions, get the prices for the same thing from a local store first.

"Then there are those persons who attempt to high pressure you by telephone, into buying something or other. It's easy to deal with these however: Good manners need not apply when you are confronted with a telephone peddler—just hang up on him or her."

—The Sullivan Progress

## Tax-Free Gain On Sale of Home For Senior Citizens

Under the provisions of the new federal tax law, persons of 65 or older who sell their homes will be allowed a tax-free gain if the adjusted sale price is \$20,000 or less. Charles J. Cernak, president of the Waukegan-Lake County Board of Realtors, pointed out today.

Adjusted sales price means the sales price less the broker's commission and repair expenses incurred within 90 days preceding sale and paid within 30 days of sale, Mr. Cernak said.

"If a sales price is in excess of \$20,000, the gain is tax-exempt in the ratio that \$20,000 is to such price," he explained. "Thus, if the sales price is \$30,000 and the gain is \$12,000, the tax-exempt portion of the gain would be \$8,000 (\$20,000/\$30,000 or two-thirds of \$12,000)."

Calling attention to new Section 121 of the Internal Revenue Code, President Cernak explained that the seller must have owned and used the residence five of the last eight years, and that such exemption is available only once in a taxpayer's life time.

## FOR A VOLUNTEER FIREMAN'S WIFE

When the siren at the fire hall blows  
At any hour of the day, who knows;  
Think it but don't say it.

When he's all dressed up in his good clothes  
Wouldn't you know it, that's when it blows;  
Think it but don't say it.

When he comes back, you're ready to go out  
You're late, he has to change, you want to shout;  
Think it but don't say it.

When dinner's all hot, you sit down to eat  
The siren starts wailing, again it's repeat;  
Think it but don't say it.

When most of his time at the firehall is spent  
And the kids all wonder where daddy went;  
Think it but don't say it.

When you hear the siren wailing at night  
He leaves, you watch till he's clean out of sight;  
Think it but don't say it.

At 4 a.m. you finally doze  
At last he's home "darn near froze";  
Think it but don't say it.

With too much smoke and fumes and water  
He comes home sick, you call a doctor;  
Think it but don't say it.

Kneel down and thank God, the man you love  
Is loved and protected by Him above;  
Be proud of our volunteers, don't knock them.

You never know when you'll need many of them;  
Say it and boast, your fire company's the best  
In the county and state and all the rest.  
Then think it and say it.  
—A Proud Wife

## EXERCISE CARE IN USING POWER TOOLS

Even automatic and power tools used on those summer home repair jobs must be carefully guided by alert minds and steady hands. The Institute for Safer Living says that all tools require thoughtful handling for safer operation.
